Yesterday

Yesterday Tara Mami took us out. Okona was there too. We went on a big slide and we also went on an obstacle course. They were both inflatables. Then we found a playground. We played there for a little bit. Then we found a big grassy area where we sat

down and ate. Then we saw a beautiful kite in the air. After that we sat under a tree and we each told a story because it was getting ^{dark}. Then suddenly we heard a boom. We looked up and there were the fireworks. They were very pretty.
