The necklace

Once upon a time there was a girl who used to get angry all the time. Her dad was trying to think of a way to get her to stop getting angry. He went to a mad scientist. The father said, "I need something for my daughter to make her stop getting

angry." Then ^{mad scientist} said, "take this necklace. Put it on her neck. When she gets angry, a hand will reach out and give her a smack!" Then ^{father} bought the necklace. The necklace went on the girl's neck. "I hate this color," she moaned and sure enough a hand came out and ... PAT!
