In the dark dark woods

In the dark dark woods,

there was a dark dark  
cottage that glowed in

the moonlight. In the

dark dark woods, there

was a dark dark

cottage, and in the

dark dark cottage, there

was a dark dark

cupboard that glowed

in the moonlight.

In the dark dark woods,

there was a dark  
dark cottage, and in

the dark dark cottage

there was a dark

dark cupboard <sup>and</sup> there

was a dark chest

that glowed in the

moonlight. In the

chest there was a

box and in the box

there was a drawer

and in the drawer

there was a G H O U L!
