First day of school

Today was my first day of school. I went to third grade. I made three bookmarks and one mask for mommy.

I left <sup>bookmark</sup> one at school.

There are two with me. One is for dad and one is for Anya. My teacher is Mrs. Lee. Tomorrow we

are going to learn cursive. We will go to the Academy Of Sciences. I will learn fractions and division. I hope to learn spelling. We also made our own name tags. Recess was the best part. I really like third grade.
